9am - 4pm

Conclusions and Next Steps

Program Leaders: Rey Friel - Mike Smith - Mary Waskowiak, RSM

Purpose:

Mercy Center is launching a new program for past, current, and aspiring leaders who want to refresh and learn new crucial self-knowledge and leadership skills to help work more effectively in their own environments. This new nine-month program is called Soul-Driven Leadership and will welcome its inaugural cohort in early 2018.

The program's goal is to transform current and potential leaders into inspired and compassionate leaders, leaders who act from both the head and the heart. While designed for current leaders from a variety of backgrounds, this program is ideal for individuals who have exited their primary careers and yet are interested in taking on new challenges with a reinvigorated approach and toolset.

The program will dive into the inner/personal side of leadership without espousing specific religious beliefs. All persons desiring to grow their leadership potential are welcome. Certificate of Completion upon program completion.

Program Series Fee: \$800.00

Application Process:

The application period is open through January 31, 2018. For full application information and to access the online application, please visit us on the web at mercy-center.org/ProgramsMC/SoulDrivenLeadership2018.html. For more information, contact Mary Waskowiak, RSM at mwaskowiak@mercywmw.org or at 650-340-7483.
